WHY IT MATTERS

Mission: Home

A Night to Celebrate a Historic Moment

In September 2024, Manchester Mayor Jay Ruais launched a bold initiative: to effectively end veteran homelessness in the city. Harbor Care has worked alongside the city to help lead this effort.

The results are extraordinary. More than 140 veterans experiencing homelessness now have permanent homes. Manchester is housing veterans faster than new cases emerge. Today we are meeting all benchmarks to formally declare an effective end to veteran homelessness in the city.

Be amongst a select group of business and community leaders to celebrate this deeply important milestone for Manchester. On October 7, from 5-6:30 pm join us for Mission: Home, an evening honoring veterans, partners and leaders who made this possible.

This is more than a celebration. It's proof that when a community commits to its veterans, no one gets left behind and Manchester is showing the rest of the country what that commitment looks like.
