Community. Support.

01

Community comes first

This is a day for veterans to connect with each other and feel part of part of something.

02

Support is still here

The full range of resources is available to every veteran — whether they need it today or just want to know it exists.

WIDENING THE CIRCLE

Reaching More Veterans

 We're working to reach veterans who aren't yet connected to services — not just those already in our network.

VA networks

VFWs and American Legions

National Guard retirees

Veterans not currently connected to any service provider

Help us reach the veterans who don't know yet that this community includes them.

WIDENING THE CIRCLE

Growing the types of organizations at the table — not just who we invite, but but who we think to invite.

Know someone who'd be a great fit?

- Send them our way, standdown@harborcarenh.org
- Send us their info and we'll reach out
